FOREWORD

"Children and Youth in Georgia 2022" is a statistical publication prepared by the National Statistics Office of Georgia (Geostat) and mainly includes data for 2017-2021 on the demographic situation, living standards, employment, education, healthcare, violations, tourism, information technology and other important indicators of the population under 25. It also presents the results of the 2014 population census by relevant age groups.

The data presented in the publication are based on the results of surveys conducted by Geostat and on the administrative sources.

The present publication is intended for different groups of users and aims to raise awareness of the public interested in youth issues and assist them in the decision-making process.

Recommendations and suggestions on the format and content of the publication will be appreciated by the group of authors.
